Summary

Product Designer and Design Engineer focused on AI products, product experiences, and brand systems. I work across product thinking, interaction design, prototyping, frontend implementation, landing pages, and brand experiences. My focus is turning complex ideas into clear products people can understand and use.

Skills

Product: UX Design, Interaction Design, Information Architecture, Design Systems, Prototyping, User Research

AI Product Design: Agent Workflows, Generative AI, Context and Memory Systems, Human AI Interaction

Design Engineering: React Prototyping, Design to Code, Creative Coding, Web Experiences

Brand and Growth: Landing Pages, Product Marketing Design, Brand Systems, Campaign Experiences

Tools: Figma, Framer, Claude Code, v0, Lovable, Illustrator

Experience

Product Designer | ShopOS

Oct 2025 to Present

Bangalore, India

- Designed and shipped AI product experiences across creative generation, agent workflows, Brand Memory, and commerce operations.
- Designed Adaptive Intelligence across 4 creative workflows, helping move product inputs to pitch ready creative in around 10 minutes.
- Led Brand Memory from product definition to shipped frontend, shaping how brand context is captured and reused across workflows and agents.
- Used product experiments and behavioural data to rethink when Brand Memory should appear in the user journey.
- Built interactive prototypes and frontend experiences to move product ideas from concept into working software.
- Designed ShopOS landing pages, product launches, and brand experiences to make complex AI capabilities easier to understand.

UI/UX Designer | SketchMonk

Nov 2024 to Oct 2025

Remote

- Designed cloud native cybersecurity workflows across container browsing, ticketing, and enterprise product experiences.
- Built reusable design systems and interaction patterns to improve consistency across product interfaces.
- Worked with stakeholders and developers to prototype, test, and ship development ready product experiences.

Freelance Designer | Digitow Design Studio

Oct 2024 to Jan 2025

Designed responsive web and mobile experiences across client projects, creating reusable UI systems and brand aligned digital experiences.

Education

B.Com (Hons.) | University of Delhi, SOL

2019 to 2022
